of expert "baggage smashers" one of the chief things to keep in view when buying a trunk is its solidity and firmness of build. The box must be made of good, hard wood, or it will not stand the test, no matter how good the covering, or substantial the bracing. After examining many

different makes we have finally settled upon one manufacture of superior merit. We received a large invoice of trunks, dress suit cases, and telescopes this week. Our prices are marked so as to correspond with those of stores many miles north of us.

Here are a few descriptions:

Canvas covered trunk, substantial hardware first-class straps, brass lock, 28in. - \$3.25
We have trunks, just as substantial, but not so well finished, at still lower prices, and many finely finished high grade trunks.
Dress suit cases in canvas and leather \$1.75 to \$5.00
Also sachels, telescopes and trunk straps.

OUR GREETING.

With the dawn of the new century the GAZETTE-NEWS greets its readers under a new management. It is our intention to add to the equipment of the office and give the public an up-to-date journal strictly abreast with the times, not only thoroughly covering the local field but devoting considerable space to the neighboring communities as well. We expect to do considerable in the way of general job printing and will add some of the latest pieces of type to our equipment; a trial order will convince you that we can turn out work in a work-man-like manner. Although a comparative stranger here, we expect with the cooperation of the citizens of beautiful Daytona and its suburbs to accomplish our ambition to make the GAZETTE-NEWS one of the best newspapers on the East Coast.

Thanking you in advance for the patronage you may bestow upon us, we wish our readers one and all a happy and prosperous new year, and trust that their journey down the path of life may be as bright as the perpetual sun.

EDW. FITZGERALD.

With this issue Mr. Edward Fitzgerald assumes control of the GAZETTE-NEWS as editor and proprietor and will hereafter transact all business in connection with the paper.

Mr. Fitzgerald came to Daytona from Wisconsin, his native state, and is not only an accomplished gentleman but a thoroughly competent and practical newspaper man and will be an acquisition to Florida journalism.

We bespeak for him from all our patrons a liberal patronage, believing that he will in every instance give them value received and work earnestly for what is to Daytona's best interests and helping in every way its future development.

A JOILEY CRUISING PARTY.

A party of jolly souls chartered the "Mamie" New Year's Day and in the early morning, as old and east, his crimson rays upon the rippling Hulaia, started on a cruise down the river. The party consisted of New Smyrna, the historic Old Mission, the light house and other points of interest. The party comprised the following persons: Mr. and Mrs. R. I. Wall, Mrs. Frank Peck and sister, and Mr. Armstrong of Daytona; Mr. and Mrs. Hone, Jr. of Pittsburg, Pa.; Miss Elouise Kent, of Durham, N. C.; Miss Julia Whitfield and Mrs. C. A. Miner, of Ponce de Leon, Fla.; Miss Jane Coleman, of Marietta, Wis.; Mrs. Williams, of Seaboard. The weather was superb and a very enjoyable day was spent.

THE SECOND OF THE SERIES.

The Big Four dancing club gave the second of its series of dances at the Opera House New Year's Evening. About fifty members and ten visitors were present. Mrs. Spangler furnished the music, which, we are informed, was exceptionally fine. Refreshment were served, consisting of cake, coffee, sandwiches, olives and pickles. Progressive euchre was also played. Mrs. Hone winning ladies' first prize, and Dr. Esch, first gents'. The Big Four and its promoters are to be congratulated upon the success of the organization.

RACES OF THE WEEK

In Tuesday's races the Alka won first prize and the Sultan second, in the first class. In the second class the Virginia came in, and the first and the Kangaroo took second money.

Thursday the Burmese cup was up and the following boats entered: Alka, Friar, Alka and Kangaroo. A strong gale was blowing and it was impossible to start the boats and they were quite badly torn. The Alka, owned by D. P. Merrill, was the only boat that finished the round.

DAYTONA KINDERGARTEN.

Many Liberal Minded Residents Have Contributed Very Generously to this Necessary Enterprise.

"Last May when it became known that there would be no private Kindergarten another year some of the intelligent, progressive men and women of the town organized a Kindergarten Association to keep up kindergarten work until this department could be added to the public schools. This addition cannot be made locally until the taxpayers give their consent and there is no money in the treasury.

The majority of the School Board and Mr. Parkinson were strongly in favor of giving \$100.00 this year, and if that has been considered legal, and a few more citizens could have helped the amount would have reached the \$250.00 necessary this year to conduct a free kindergarten for seven months. As it is now the \$250.00 is divided into 140 shares of \$2.50, and each stockholder votes according to the number of shares he takes. Men who are able, take shares enough to pay for the children they send. The money for the children whose parents cannot afford to do this, must come out of the purse of the liberal people, who though they have no children of their own, are nevertheless interested in the future of the town. Many such citizens, both men and women, have bought shares, thus paying for the education of some child. A few ladies by hard work, got up a school that cost \$180.00, and a school of \$200.00 on hard money, and some who, not being able to do this, have loaned their money to the school on that condition.

Any one buying seven shares could send a pupil, but only residents of Daytona can come. The school is unable to pay. Any one sending for a share may pay \$4.00 a week if it does not wish to buy seven shares. Children who have attended Kindergarten regularly and are not delinquent may make the second grade the second year, and the third grade the third year, and the fourth grade the fourth year, and the
